The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. Capitol
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Canby Transit Operations Center project in Fiscal Year 2027. The entity to receive funding for this project is the City of Canby, located at 222 NE 2nd Avenue, Canby, OR 97013. The funding would be used to construct the Canby Transit Campus, creating a permanent Transit Operations Center that consolidates offices, dispatch, and operational functions on a public site. This project is an appropriate use of taxpayer funds because it promotes regional connectivity and strengthens essential public transportation infrastructure, serving thousands of residents – including seniors, individuals with disabilities, and low-income populations – while ensuring reliable access to employment, healthcare, and education.

The project has a federal nexus because the funding provided is for purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Janelle Bynum
Member of Congress
