The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. Capitol
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Lebanon for the Wastewater Treatment Plant Improvement Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Lebanon, located at 925 Main Street, Lebanon, OR, 97355. The funding would be used to purchase equipment to improve the efficiency and reliability of the City of Lebanon's wastewater treatment operations. This project is an appropriate use of taxpayer funds because it strengthens essential wastewater infrastructure, improves long-term efficiency and sustainability, reduces operational costs, and delivers lasting environmental and economic benefits to the community and surrounding region.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Janelle Bynum
Member of Congress
