The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. Capitol
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Redmond for Helmholtz Water Transmission Main project in Fiscal Year 2027. The entity to receive funding for this project is the City of Redmond, located at 411 SW 9th Street Redmond, OR 97756. The funding would be used to complete a water transmission main to increase hydraulic capacity and ensure adequate fire flows. This project is an appropriate use of taxpayer funds because it completes a critical water transmission main, increases water availability, enhances fire protection, eases strain on the regional aquifer, and supports safe, sustainable community growth.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Janelle Bynum
Member of Congress
