The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. Capitol
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Rivergrove Water District for Asbestos Cement Pipe Replacement project in Fiscal Year 2027. The entity to receive funding for this project is the Rivergrove Water District, located at 17661 Pilkington Road, Lake Oswego, OR 97035. The funding would be used to replace aging asbestos cement water pipes. This project is an appropriate use of taxpayer funds because it replaces aging and failure-prone water infrastructure, ensures reliable service for a growing community, protects public health, and prevents costly service disruptions for residents and critical facilities such as local schools.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family have any financial interest in this project.
Sincerely,

Janelle Bynum
Member of Congress
